

About this book

This book is a practice course in addition. It starts with the smallest sums a child can do - $1 + 1$, $2 + 3$ - and works up in size and difficulty until the last pages are four-digit column sums.

The skills are in the order they are usually taught. Single-digit sums come first, then two-digit sums that do not need carrying, then sums that do, and then the mixed sums where the child has to work out for themselves whether a column needs carrying. Every skill comes with five worksheets, so there is one for each day of practice.

MathCardo Practice Books - Book 1 of 6

These books are meant to be used in order. Each one is a complete course on its own, and each one picks up where the last one left off.

How to use this book

Every skill comes with five worksheets, and one a day gets the most out of them. Use the answer book to mark the work, and if a worksheet is too hard, come back to it later.

The series

01	Addition	From $1 + 1$ to four-digit column addition.
02	Subtraction	From $1 - 1$ to four-digit column subtraction.
03	Multiplication	Times tables through to long multiplication.
04	Division	Sharing and grouping, up to four-digit division.
05	Times Tables	Every table from 2 to 12, and the mixed pages.
06	Fractions	Adding, subtracting and simplifying fractions.

Answers

Every worksheet in this book has its answers in a separate answer book, free to download. It is the same book with the answers filled in under the line.
